

Third-Party Logistics Protective Packaging Solutions

Reduce Product Damages | Improve Throughput |
Optimize Labor | Enhance the Customer Experience

3PL and Pregis

Businesses are increasingly looking to Third-Party Logistics (3PL) providers to serve their evolving list of supply chain needs – and act as an extension of their brand. 3PLs are tasked with improving a company’s overall efficiency, cutting costs, and ensuring products arrive on time and fully intact.

Pregis’ comprehensive portfolio of protective products can help 3PLs deliver on their promise to customers. From inside-the-box protection, to automated mailing & bagging, these solutions can help 3PLs increase throughput, optimize labor, reduce product damages and enhance the customer experience during the fulfillment/shipping process.

“Added Value” is the Name of the Game

As a strategic partner,
Pregis is much more than
just product solutions.

We Innovate

We know ISTA standards inside and out, and what it takes to run a successful pack and ship operation. Pregis leverages its Innovation Headquarters (IQ) to design and test a solution tailored to your pain points and needs. We use definitive data to ensure you're hitting the KPIs you promised to your customers.

We Integrate

Every business is different. That's why we work tirelessly to provide you with a protective packaging solution that seamlessly fits into your fulfillment operation and improves your workflow.

We Automate

Work smarter, not harder. Throughput and labor optimization are king. We offer technological intervention that allows for the re-allocation of vital talent to other key areas of your fulfillment. That leads to cost savings, throughput efficiencies, and precision, standardized packing.

We Cultivate

Your customers are feeling increasing pressure to Go Green and support Mother Nature. We can help you find the most sustainable, effective solution to pair with your customer's eco-friendly vision and products.
